Connecting the
dots to build
kitchens you'll fall
in love with

● Kitchen of today is much more than a kitchen

Kitchens are the heart of any modern home.

Serving several activities at a time, it is a cooking area, informal dining room, teaching area, play area, home office or simply a great place where family & friends get together and bond.

The aesthetic and functional requirements of this space are unique for each home. It is important that this space is thoughtfully and carefully designed.

● Let's whipup something incredible

3 ingredients to a great kitchen.

- The dream
- A perfect partner
- The magic spell

● The Dream

It all starts with a dream. Your dream.

How do you see your kitchen to be? Do you find your family and friends gathering around in the kitchen? What are the activities that normally happen in your kitchen? Fixing school lunch? Conversing with guests while cooking? Doing homework? Reading quietly over a coffee?

An incredible kitchen is full of memories. They happen everyday and families keep going back to those memories time and time again.

The perfect partner

You do the dreaming! Leave making it happen to us!

Our expert designer will work with your wish list & create a thoroughly well thought out customized plan, while providing options and suggestions at every step along the way. In the end your kitchen will be perfectly personalized – based on a mutual understanding of your needs and goals.

Home visit

Your personal designer will visit your home and take accurate measurements and understand your requirements. Your designer will also suggest alternative ideas on how you can accomplish the things you want to accomplish, within your budget.

Visit to experience zone

Uniwood experience zones at Kochi & Coimbatore have beautiful, ready made kitchens on display. This is your chance to touch, see and experience a wide range of cabinets, finishes, colours, accessories and other fixtures.

Design

We will create a personalized design for you – with the right selection of cabinets, worktops, innovative storage solutions & great lighting. Using 3D visualization technology, we will show you how your kitchen will look, before it goes to manufacturing.

● The magic spell

Made to order manufacturing

This is where your kitchen's design comes to fruition; where diligent work and time spent carefully planning out your dream space comes to life.

Your personalized design is perfectly crafted in fully automated machines using German technology at our manufacturing plant.

Installation

Our engineers are well trained and experts in kitchen installation. They will install the kitchen, do all necessary checks and issue the 10 year warranty.

We are with you all the way!

You can customise the kitchen, to your requirements and also select from a variety of designs and colour combinations. The quality, and workman ship is on par with any leading international brands. Most importantly, service back up is good.
